Matin Isakhanli

Frontend Developer

Hello! Although I don't have official work experience, I have a strong passion for learning and developing my skills. I am eager to gain practical experience, participate as a volunteer, and actively contribute to your team. I am open to bringing new approaches, learning, collaborating, and working in a team.

EDUCATION

High school diploma
Uniser MMC

09/2007 - 09/2018   *Baku*

Bachelor of Science
Firat University

09/2019 - 09/2024   *Türkiye*

PERSONAL PROJECTS

Youtube Converter (React) (09/2024 - Present) 🔗
- Login and registration functionality using **Firebase**.
- Managed global state with the **React Context** hook.
- Managed users' MP3 list with **ES6** (ECMAScript) features (**Map, Set**).
- Responsiveness for different screen sizes using **Tailwind CSS** media queries.

USA Crime Rate Visualizer (React) (05/2023 - 06/2023) 🔗
- Used data visualization libraries (e.g., **D3.js**) for complex visual presentations.
- Implemented **lazy** loading with **React.lazy** and **Suspense** to optimize performance.
- Leveraged **Apex Charts**, **React Charts**, and **Chart.js** for data visualization.
- Created user-friendly interface elements with **Material-UI** components.

Product Manager (Full-stack Java + Spring Boot + React + PostgreSQL) (03/2023 - 04/2023) 🔗
- Integrated **PostgreSQL** to store user and product data.
- Developed **Java RESTful API**s to query **PostgreSQL** data on the frontend.
- Created registration and login forms with **Formik** and **Yup**, providing immediate feedback to users.
- Configured **Redux actions** and **reducers** for global state management.

E-commerce SPA(React) (02/2023 - 04/2023) 🔗
- Implemented a dynamic user interface using **React Router** for navigation and **React Helmet** for **SEO** optimization.
- Provided product presentation animations using **Framer Motion**.
- Ensured compatibility across different devices and responsive design with **Tailwind CSS** media queries.
- Implemented **React Suspense** for **lazy** loading and performance optimization, and integrated **EmailJS** for managing purchase inquiries.

SKILLS

JavaScript   React   Redux

D3.js (Data-Driven Documents)   Formik   Yup

Tailwind CSS   Firebase   PostgreSQL   IndexDB

BEM(Block, Element, Modifier)

CERTIFICATIONS

SAT(Scholastic Assessment Test) (05/2018)
1050 Score
